

Pima County Department of Transportation
**Tanque Verde Road: Catalina Highway
to Houghton Road Open House**

Wednesday, September 16, 2009, 6:00 P.M. to 8:00 P.M.

Project Update • Introduction of Project Artist
Presentation of Design Plans

at Collier Elementary School

3900 N. Bear Canyon Rd.

Pima County Department of Transportation (P.C.D.O.T.) will be holding an open house to provide information on improvements to Tanque Verde Road: Catalina Highway to Houghton Road. Proposed improvements include widening to four lanes, multi-use lanes, improved roadside drainage, sidewalks/paths, landscaping and public art. A drainage structure will be included to convey the Castle Rock Wash under the roadway. Design is expected to be completed in 2009, with construction to begin in early 2010.

There will be a presentation at 6:15 P.M. with a brief overview of the project and introduction of the Design Team and the artist selected to develop public art for the project. Mr. Thomas Sayre, Project Artist, will present examples of his work and concepts for Tanque Verde Road. Following the presentation, community residents will have the opportunity to meet with members of the design team to review the plans and ask questions regarding specific items of interest.

We hope you will take this opportunity to see the progress that has been made and to answer any questions you may have. For more information regarding the project, please visit our website site at www.roadprojects.pima.gov.

Individuals with disabilities who require accommodations for effective participation and communication in the meeting may call Community Relations at **740-6410** by September 6, 2009 to make appropriate arrangements. All meeting sites are accessible.
